J. F. STALLSMITH EXPIRES AT 82; HAD LIVED HERE

J. Frank Stallsmith, 82, former local insurance man and designer of patterns for much of the bronze work and many of the cannon on the Gettysburg battlefield, died Wednesday morning at 10:23 o'clock at the home of his son, Malcolm F. Stallsmith, 25 East Wayne avenue, Aldan, Pa. A cerebral hemorrhage caused death.

Mr. Stallsmith had resided with his son, Malcolm, for the greater part of the last 17 years. Part of the time had been spent with his other children. Prior to that he had lived in Gettysburg.

Mr. Stallsmith was born in Adams county and was a son of the late Charles Henry and Mary Ann (Osborn) Stallsmith. He was in the insurance business for about 30 years and for many years was clerk of the Modern Woodmen of the World in Gettysburg. In earlier years he was associated with the late George W. Stallsmith as a pattern maker in the latter's planing mill. Many of the patterns for bronze work on battlefield markers, including the cannon, were made by Mr. Stallsmith.

Services Saturday

He was a member of St. James Lutheran church and of the local lodge of the Patriotic Order Sons of America.

His wife who was Carrie Ethel Klingel died in 1923.

Surviving are these children: Raymond K. Stallsmith, Hanover; Malcom, at whose home he died, and Mrs. J. C. Lester Holler, Camp Hill. There are 15 grandchildren and 14 great grandchildren. A brother, Donald C. Stallsmith, former Adams county treasurer, also survives.

Funeral services from the Bender funeral home Saturday morning at 10 o'clock with the Rev. Dr. Ralph R. Gresh officiating. Interment in Evergreen cemetery. Friends may call at the funeral home Friday evening after 7 o'clock.

A widower with no children, Fels planned to observe the day simply, putting in his usual stint at the office—10 a.m. until late afternoon. Lunch with a few old cronies was to provide the lone festive touch.

For three generations head of the naphtha soap company that bears his name, Fels quit school at 16 and went to work, helping develop a soap formula first tried in the family kitchen. His formal education has cut short, young Samuel started studying on his own. He has never stopped.

He disclaims his reputation as philanthropist and philosopher. Yet he is both.

"Whatever may appear to the contrary," he said in a birthday interview, "humanity is on the road to better things. I have never known a time when there wasn't trouble. Times now are no worse than they ever were. So I don't worry too much about atom and hydrogen bombs. I think the human family is growing in intelligence, and I think nature has a great purpose in view for us."

"Democracy," he continued, "is truly the cause of mankind. Russian communism, being founded on an immoral base, will eventually fall of its own evil weight—provided we and the other democratic nations stay alert and well armed."

He taught school for nine years in Liberty township after attending Shippensburg Normal school. He taught from 1905 to 1913, most of the time at Liberty Hall school. In 1906-07 he was teacher at Lower Tract school and 1908-09 was assigned to Oak Grove. The remainder of his teaching was at the Liberty Hall school.

Mr. Hull was granted optional retirement from the postal service effective last December 31 after he had been a postal employee for almost 30 years.

Survivors include his widow; two sons, Kenneth P. Howard street, and Stanley W., Gettysburg R. 3, and several grandchildren.

Funeral arrangements are incomplete.

Son Of Refugee

It is his view that the United States has moved toward something like a welfare state, but the term does not alarm him. He believes the nation "will recognize and avoid excesses, whatever their nature."

Son of a German who fled to America from Prussian despotism, Samuel Fels was born in Yanceyville, N. C., and was taken as a child first to Baltimore and then to Philadelphia. That was soon after Sherman's drive to the sea in the last phases of the Civil war.

As a teen-ager, and with a brother's help, Fels laid the foundation for the present world famous company.

FILES STRABAN REPORT

Herbert E. Zepp, tax collector for Straban township, today filed his annual report with the Adams county clerk of courts. The report shows collections of \$4,042.38, township; \$11,915.92, school; \$5,391.77, county, and \$2,471.34 institution district tax. The total, \$23,821.41 was raised at a cost of \$885.04 to the taxing units. Uncollected 1949 taxes included \$970.26, township; \$2,528.44, school; \$1,195.55, county, and \$597.81 institution district, or a total of \$5,292.06.

OPEN EXPRESSWAY BIDS

Harrisburg, Feb. 16 (P)—Police sought today to determine the circumstances surrounding the death of Mrs. Kathryn O'Bryan, 27, found dead at a hotel room.

The husband, Wallace C. O'Bryan, 26, was detained for a few hours yesterday on orders of Coroner Lester J. Sell but was released later in custody of his attorney, Judson E. Ruch. No charges have been filed against him.

Coroner Sell said he had ordered O'Bryan detained pending investigation when an autopsy report showed a quantity of blood in Mrs. O'Bryan's stomach.

Sell said the husband told him he noticed the odor of gas when he entered his hotel room and found his wife dead on the bed. O'Bryan reported, the coroner said, that three gas jets in the room were open.

WRONG MINISTER

The Rev. Harold Myers instead of the Rev. Harold March will officiate at funeral services for Hiner Speelman at the Bender funeral home Saturday afternoon at 2 o'clock.

Historians say that the phenomena of "static electricity" first was noted in 600 B.C. by Thales, Greek philosopher, when he produced sparks by rubbing lodestone with amber.

NAVY WALLOPS BULLETS 62-47 FOR EASY WIN

A fast-breaking Navy quintet ran the ground during the second half to hand the Bullets a 62-47 setback Wednesday afternoon at Annapolis.

The Bullets gave the midshipmen plenty of opposition in the first half when they trailed 33-26 by Navy clinched the decision in the third period when the regulars played raggedly which resulted in Coach "Hen" Bream inserting his sophomore unit to finish out the contest.

Gettysburg held the lead once in the game. Navy scored first on a goal by Stinson but a set shot by O'Brien tied the count. Mullaney and McDonnell landed goals for Navy before O'Brien drove through for a score. A pair of fouls by O'Brien tied the count and another pair of free tosses by Pure sent Gettysburg ahead 8-6 for its only lead. A pair of goals by Wilson sent Navy in front again after which it was never headed. At the quarter the score was 14-10.

Midway in the second frame Navy led 30-20 but a pair of goals by Harris and another by Pure cut the margin to 31-26 and just before the half ended Mullaney tallied to make the half time count 33-26.

Bullets Fade

The Bream-men collapsed completely in the third period which resulted in Coach Bream yanking the entire varsity in favor of the sophomores midway in the period when the score stood 43-27. Watson finally landed the Bullets' initial goal of the period after about seven minutes. At the end of the quarter Navy led 49-37.

Resanovich tallied a jump shot as the last period started but Navy then started to draw away to win handily. During the last two minutes the midshipmen display some nice ball handling in a freeze act.

The defeat was the eighth against nine wins for Gettysburg and marked the 12th win in 17 outings by Navy.

Plebes Triumph

While the varsity was going down the freshmen were absorbing a 72-42 defeat at the hands of the Plebes. On Saturday the Bullets meet Georgetown university here in a single game at 8 o'clock. The frosh will play Stevens Trade at Lancaster on Friday.

York Springs vs. Boiling Springs at Mechanicsburg.
East Berlin at Newville.

Boiling Springs high assured itself of at least a tie for first place in the Adams County Basketball league Wednesday evening by handing Littlestown a 40-31 setback on the Mechanicsburg floor to keep its unbeaten league record intact.

The Bubblers need but one more victory to clinch their second straight league championship.

Clay Evans' Thunderbolts threw a scare into the Bubblers early in the game by taking an 11-7 lead at the end of the first period but Boiling Springs recovered to take a 17-14 lead at half time and led thereafter. Diehl was the big gun for the visitors with 16 points. Gerrick and Diehl each tallied nine points for the Thunderbolts.

The Boiling Springs reserves won the preliminary game 26-13.

Sports Roundup

By HUGH FULLERTON, JR.

New York, Feb. 16 (AP)—Judging

from the sounds, the guys in the fight mob must be pretty certain Joe Louis is going to stay retired.

... Jake Mintz, Ezzard Charles' manager, has been hollering that

Joe owes it to boxing, to the public, and to Ezzard to come out of retirement and give the NBA champ a chance to show how good he is...

Now Joey Maxim is back from Eng-

land with the light heavyweight

title and he has a burning desire

to fight Louis rather than Charles.

... If those guys aren't careful,

they may get Joe mad enough to

go into serious training and belt

their ears off.... And, speaking

seriously, it doesn't make Charles

and Maxim look too good when

they proclaim loudly that they can't

attract a big enough crowd for a real

payday without Louis to help them.

LIFE

Health and happiness are the two

things that have more to do with

long life than anything else. So that

these, and not the getting of money,

fame or applause, should be our

aim and end—the other things al-

ways take care of themselves, when

you are healthy and happy.

Health and longevity result from

activity and the full exercise of all

facilities, in an orderly and pleasing

manner. Titian and Michelangelo,

two of the world's greatest artists,

were exercising their genius in a

most pronounced way, keeping them

young in spirit close to the hundred

mark in age.

Our attitude of mind has a more

far-reaching effect upon your health

and happiness than is ever realized.

You don't find grumblers and com-

plainers among cheerful, happy

working people. You can extract joy

out of life, no matter what the circum-

stances—if you will only go after it,

like the bee does for its honey.

The big point to my mind is

that an agreement has been reached

at all.

Now that's a highly interesting

development. We have observed that

previous countries which have been

brought into the Communist bloc

by agreement—like those of Eastern

Europe—have become satellites of

Russia. Their sovereignty rests in

Moscow. When Yugoslavia, under

leadership of Marshal Tito, reverted

to nationalism she was kicked out

of the Red fold.

Has the reputedly sagacious Mao

overlooked a bet somewhere, or has

he really got something? We shall

see in due course—and so will he.

There are, of course, differences

between the satellites of Europe and

the mighty land space of China with

its population of close to 500,000,000.

China is just too big and unwieldy

to be regimented like one of the

Balkan States. Moreover, Russia's

operations have made it clear that

she intends to use China as a base

for the drive to bring all Asia into

the Red fold.

Diplomatic authorities in Wash-

ington say the treaty is designed

partly to hamstring the American

policy towards China. That policy, as

laid down by Secretary Acheson, is

based on the hope of a conflict of

interest between Russia and China in

North China and especially in

Manchuria. If Moscow really hands

back to China the railways and ports

BEVIN REJECTS CHURCHILL'S PARLEY PLAN

London, Feb. 16 (AP)—Foreign Secretary Ernest Bevin last night cold-shouldered Winston Churchill's proposal for a Big Three conference on atomic energy control.

Without mentioning the Conservative leader by name, Bevin in a political broadcast for the Labor party said atomic control would not be attained by "stunt proposals."

"We must continue to work for agreement through the Atomic committee of the United Nations," Bevin declared.

But after a review of international problems in general, the Laborite spokesman on foreign affairs continued:

"If Russia shows the slightest change of attitude and indicates her readiness to settle these relations and give the world complete peace, we shall be ready to enter into discussions with the object of abolishing any possibility of war and enabling all nations to cooperate with each other."

Bevin, Attlee Confer

Churchill in a political speech Tuesday suggested that a meeting of Britain, America and Russia on the "highest level" be tried to get an agreement on atomic control and a truce in the east-west cold war.

The speech was interpreted by some observers as a Conservative attempt to make the A-bomb a campaign issue. Churchill, if his party wins control of parliament, would be prime minister and in a position to push for another meeting with Presi-

dent Truman and Generalissimo Stalin.

Bevin's broadcast was made after a telephone conversation with Prime Minister Attlee. Earlier, in a political speech at Nottingham, Attlee declared that the question of atomic energy control was in the hands of the United Nations.

Churchill To Reply

Attlee talked back to Churchill's criticism that Britain, under the Labor government, had not yet manufactured an atom bomb.

"Mr. Churchill ought to know," Attlee said. "He made the agreement (while prime minister) with the United States. He knows perfectly well the agreement was that atomic energy should be developed in America and Canada."

Churchill gets a chance to answer Bevin in his party's final pre-election broadcast tomorrow night.

Bevin told the radio audience every effort of the United States and Britain had failed to get Russia to throw her territory open for the inspections called for by the U.S. atomic energy control proposal.

ASKS BILL TO CURB POWERS OF JOHN L. LEWIS

By MARVIN L. ARROWSMITH

Washington, Feb. 16 (AP)—Senator Robertson (D-Va.) called today for speedy enactment of a bill which he said would curb the "monopolistic powers" of John L. Lewis.

The measure would make labor unions subject to the anti-trust laws if they restrained trade unreasonably in industries affecting the national health and safety.

Robertson, sponsor of the bill, said in a statement prepared for a Senate Judiciary subcommittee that Lewis, chief of the United Mine Workers union, is "vested with monopolistic powers." Lewis, the Senator added, is using those powers to control the production as well as the price of coal.

Report Pope Pius "Much Improved"

Vatican City, Feb. 16 (AP)—Pope Pius was reported today to be substantially improved after a mild attack of influenza three days ago. Vatican sources said the 73-year-old pontiff remained in bed for the third successive day. His temperature is reported to be normal each morning but still shows a slight rise in the afternoon.

The Pope's doctor, Riccardo Galeazzi-Lisi, has urged him to remain in bed to conserve his energy for Sunday's beatification ceremonies for the Spanish Nun Maria Lopez Vicuna. The Pope, therefore, has not said mass in his private chapel for the past two days.

If he is well enough, the Pope will descend to Saint Peter's Basilica Sunday afternoon.

Lewis' "control of production and prices" has spread to allied industries "and has had a serious impact upon our whole economy." He added:

"The country has refused to accept monopolistic dictation by industry leaders and it should not be required to accept any such dictation by a labor leader. XX X

"In fact, no business combination of which I ever heard has achieved the kind of arbitrary power and control that John L. Lewis now possesses and wields."

5,200 TO HEAR TRUMAN SPEAK

Washington, Feb. 16 (AP)—President Truman was reported ready today to raise a new call for his whole legislative program. The occasion is a major address he will deliver tonight at a gala \$100-a-plate Jefferson-Jackson Day dinner.

The mammoth affair—described as the largest dinner ever held under one roof—will be staged at the National Guard armory. It has been a sell-out since Monday. More than 5,200 persons from all over the country and the territories will attend.

Each has pledged a \$100 contribution to party war chest for the privilege of hearing the President and dining on broiled filet mignon.

This means that the Washington dinner alone will raise around \$530,000 for the 1950 campaign.

In sounding the keynote for the Democrats in this congressional

election year, the President was described by National Chairman William Boyle as prepared to call for full speed ahead on his administration program.

He also was reported as likely to take a few pot shots at the Republi-

cans. In a 1950 campaign document 10 days ago, the GOP said the major issue today is "liberty against socialism."

HOME-CHURCH INSTITUTE TO BE HELD HERE

On Sunday the first session of a Home-Church Institute, aimed at educating for strong Christian family life and sponsored by the Parish and Church School board of the United Lutheran Church in America will be held in the Sunday school chapel of St. James' Lutheran church at 8 p.m. Other sessions will be held at 8 p.m. next Monday and Tuesday.

The local meetings, part of a series being held this year in more than 370 localities in the United States and Canada, will be attended by approximately 100 young people, parents, and church workers from 22 Lutheran churches of the county. In addition, students from the Lutheran seminary and Gettysburg college are expected to take advantage of these meetings.

The Rev. Lawrence M. Reese, associate secretary of the denomination's Parish and Church School board, Philadelphia, will lead the conference. He will be assisted by the Rev. George B. Ammen in charge of audio visual aids of the same board.

Home And Church Theme
The theme of the institute will be "How the Home and Church Can Work Together in Christian Education." Topics to be considered under this theme will be "The Christian Family in Action," "Influences Which Affect Christian Home Life," "Teaching Religion in the Home," "Teaching Religion in the Church."

"The Home and Church Face Common Problems," and "What the Home and Church Can Do."

One of the highlights of the institute will be the showing of a new filmstrip entitled "That We May Work Together."

In addition to those attending from St. James, members and workers are expected from Christ Lutheran church, Gettysburg; St. Paul's New Chester; Zion Lutheran, Fairfield; St. Paul's Lutheran, Littlestown; St. Paul's Lutheran, Harmony, Md.; Mount Joy Lutheran, Mount Joy; Grace Lutheran, Two Taverns; St. Luke's Lutheran, White Hall; St. John's Lutheran, Abbottstown; Trinity Lutheran, East Berlin; St. John's Lutheran, Hampton; First Lutheran, New Oxford; St. Mark's Lutheran, Heidersburg; Trinity Lutheran, Arendtsville; Bethlehem Lutheran, Bendersville; St. Paul's Lutheran, Biglerville; Fischer's Lutheran, R.D. 2, Biglerville; Bender's Lutheran, McKnightstown; Christ Lutheran, Aspers, and St. James Lutheran, Wenksville.

A Times dispatch from Paris said the Chinese Reds had agreed also that Soviet "advisers" would be given "key positions in China's army, secret police organization and Communist party."

The dispatch, by Times Correspondent C. L. Sulzberger, said these concessions by Mao Tze-tung, chairman of the Chinese Communist government, and Premier Foreign Minister Chou En-lai were believed to be in secret codicils signed in Moscow prior to the announcement Tuesday of a treaty of alliance between the two Communist governments.

The Chinese Reds, Sulzberger reported, were understood to have agreed that the ports of Dairen, Port Arthur, Chinwangtao, Hai-

chow, Chefoo, Weihaiwei and Tsingtao "would be placed under Soviet supervision immediately in case of war."

Sulzberger said the Russians originally demanded full control of all seven ports, according to "responsible information x x x available in Eastern European capitals on the eve of the treaty announcement."

RUSSIA TO GET CHINESE LABOR

New York, Feb. 16 (AP)—The New York Times today reported Communist China had agreed secretly to furnish Soviet Russia with a large labor force and to give the Russians control of seven Yellow seaports in case of war.

A Times dispatch from Paris said the Chinese Reds had agreed also that Soviet "advisers" would be given "key positions in China's army, secret police organization and Communist party."

RE-UPHOLSTERING — LOOK!

Have your old furniture re-upholstered. We will guarantee you to make it look like new. Keep your old frames, we will tear them down to the bare wood, then re-build them from the bottom up. Anything that is broken in the frame will be replaced with new wood. We will re-design your old frames to any style upon request; also re-finish woodwork and save you money.

We are taking in Gettysburg as well as all other towns of 50 miles around, for picking up furniture and delivering. There is no extra charge for calling or delivering anywhere.

NEW FURNITURE

If you want new furniture we will make any style or design that you request in upholstered furniture. If there is a piece of furniture you cannot buy, come to see us—we will make it up for you and still save you money.

NO CHARGE

There is no charge for estimates on any furniture or any obligation whatsoever.

We can save you money on any new furniture or any re-upholstering job.

This is a fact—not a slogan!

WE PAY

We pay all telephone calls; just tell the operator to reverse all charges. So give us a call, let us come to your home and give you an estimate. We have no objection as to where or when, day or night.

We will return your furniture in two weeks or whenever requested to do so.

We have about 500 samples to choose from. Fabrics of all kinds; also plastics, leathers and leatherettes.

All work must be right when delivered, or we will make it right before you pay. So you have nothing to lose. Write, phone, or call in person.

BELIEVE ARCTIC WOULD BE SITE FOR NEXT WAR

By RUTH ROWAN

Washington, Feb. 16 (AP) — U. S. military planners are taking quite seriously the possibility that if there is a "hot war," fighting will take place where it is bitterly cold.

They are anticipating what can be done in event there are major clashes with Russia in the Arctic regions.

This was disclosed in a House Military Appropriation subcommittee report released Wednesday.

The report makes public in part secret hearings on the Army's request for \$4,018,384,000 of the proposed \$13,000,000,000 defense budget for the fiscal year beginning July 1.

Busy On Research

The Army Quartermaster department is seeking \$8,258,000 for research and development alone. The requests are studied with research projects on how to enable the soldier to live and fight in the Arctic. One such study dealt with conditions in western Siberia.

Much attention is given to how to keep the soldier warm, the type of food he would need, as well as ways of improving equipment so as to make it more usable in the severe weather that slows down man and machine.

For examples, the Army wants to spend \$48,000 in developing light weight, highly resilient and durable filling material for padded Arctic clothing. It wants to find a substitute for the warmth of down in sleeping bags.

Study Food Problems

It proposes to continue research to improve socks, mittens, shoes for cold wet areas.

Col. Jack Finks of the Army Quartermaster General's office told the subcommittee that chemists are trying to develop a way to heat clothing artificially.

He said the Quartermaster Department has developed "a meat component for an Arctic ration that

"Therefore this organization will actively oppose the adoption of the proposed marketing agreements," it added. The agreements are required by the government before price supports can be obtained so that production may be controlled.

The co-op has only 1,430 of the state's 10,000 potato growers, but produces nearly half of the state's crop. A spokesman said the action resulted from fear of additional consumer resistance to the use of potatoes because of the huge 1949 surplus.

Girl Collects Comic Books For Orphans

Lancaster, Pa., Feb. 16 (AP)—A 10-year-old Lancaster, Pa., girl is trying to supply the kids of Lancaster England, with comic books.

It all started several weeks ago when Mayor Kendle Bare of this eastern Pennsylvania city received a letter from William Wood of Lancaster, England.

Wood explained that in the English city's orphans' home were many children who want to read American comic books. But they were unable to get very many. He asked the mayor if the U.S. city could help.

The Lancaster, Pa., New Era published the story about the letter. It was read by little Joane Herr of nearby Neffsville. She decided to do something about it.

Joane went from door to door collecting comic books. She was going to use her 25 cents weekly allowance for stamps but the huge bundle of books required a large postage bill.

A Lancaster civic club came to Joane's rescue and paid the postage bill. Meanwhile, Lancaster citizens got into the swing of the project and mailed comic books with postage money attached to Joane.

MAN KILLED IN TURNPIKE CRASH

Bedford, Pa., Feb. 16 (AP)—One person was killed and three others, including the basketball coach at West Virginia University, were hurt in a two-way auto crash on the Pennsylvania turnpike. The dead man was Nelson Fite, 41, of Abington, a Philadelphia suburb.

Lee Patton, 43, the Mountaineer coach, suffered a broken shoulder blade and rib fractures.

He was treated in Timmons hospital here, with Forrest B. Crane, 37, WVU director of athletic publicity, and Henry Lenair, 65, of Baldwyn, Pa. Crane has a broken leg and arm and a fractured knee-cap, and suffered seriously from shock. Lenair received a broken collar bone and head and arm injuries. Two other West Virginians suffered bruises.

The crash occurred on Tuesday when Fite and Lenair's car hit the center strip and crossed into the opposite traffic lane. The West Virginians were en route to State College where their team meets Penn State in basketball tonight.

At Morgantown, W. Va., university officers said Loren Ward, a graduate student, will coach the cage team in Patton's absence. He left for State College last night. Ward has been assisting Patton since last fall and has served as a coach of the WVU jayvees.

Three Killed In River Road Crash

Harrisburg, Feb. 16 (AP)—Two men and a woman were killed early Wednesday in a collision of two automobiles on the Susquehanna river road a mile north of Harrisburg.

The victims were Mrs. Jane M. Carmella, 27, Grove City, an employee of the Public Utility Commission; Frank Miller, 43, Williamsport, and Ray E. Heinbaugh, 45, Lykens. The men were steel workers employed by the Bethlehem

Steel company at nearby Steelton. Albert E. Luttrell, 35, of Burgettstown, senior counsel for the utility commission, suffered multiple lacerations and a possible dislocation of the jaw. He was taken to a hospital here where his condition was described as fair.

State Policeman Joseph E. Miller said the cars driven by Miller and Luttrell crashed head-on about midnight on the three-lane highway. Both cars were demolished.

fraud charges.

Police Chief George R. Wagneller brought the charges after he said Vignetti admitted defrauding the borough of some \$1,600 through false payroll checks.

Vignetti, 42, a father of two children, was freed under \$3,000 bond to await court action.

Wagneller said Vignetti cashed the false checks over a 22-month period. He has been head of the street department since 1946.

SAY JUDGE FINE ON INSIDE TRACK FOR GOP BERTH

By LEONARD A. UNGER

Harrisburg, Feb. 16 (AP) — A top Republican source said today Judge John S. Fine "apparently has the inside track" to get the nod as the gubernatorial running-mate of Gov. James H. Duff.

The Nanticoke jurist, said the GOP spokesman is likely to be picked on the pro-Duff ticket at a meeting of GOP county chairman at Hershey Saturday.

The source, who asked not to be identified, said State Sen. Lloyd H. Wood of Montgomery county may agree to step aside for Fine and become the choice for lieutenant governor.

Count leaders backing Duff's bid for the GOP nomination for U. S. Senator are due to select an entire slate at the Hershey session, the fourth in two months.

Defies Grundy Faction

The meeting was called by Kenneth F. Kressler, Northampton county GOP chieftain and chairman of the last informal Hershey session, in defiance of another Republican faction led by former U. S. Senator Joseph R. Grundy, G. Mason Owlett, GOP national committeeman, and U. S. Sen. Edward Martin.

Kressler has accused the Grundy-Owlett combine of trying to "manipulate" the gubernatorial selection.

The name of Jay Cooke, former Philadelphia city chairman, has been associated with Grundy and Owlett in his gubernatorial aspirations.

But despite the disclosure that Fine may be the choice of the Hershey meeting, there was speculation that Auditor General Weldon B.

MANY MINERS BEING GIVEN FREE POTATOES

Harrisburg, Feb. 16 (P)—The families of more than half of Pennsylvania's striking soft coal miners lined up today for free potatoes.

The potatoes are part of the 300,000 bushel purchased by the federal government as surplus in Pennsylvania.

The commonwealth, acting under an arrangement with federal authorities, is now syphoning off the surplus to county commissioners for distribution to hard-hit families, most of them in mining areas.

Other than providing list of persons on relief to the county commissioners, the state Public Assistance department has adopted a "handoff" attitude on the program.

18,000 Miners On Relief

The department estimated, however, that of the 110,000 striking soft coal miners in Pennsylvania there were 18,000 miners or members of their families getting cash relief payments.

E. J. Sullivan, chief of distribution of free foods in the state Public Instruction department, estimated more than 53,000 families in 10 counties have been certified by county commissioners as eligible for free potatoes. He is assisting in the distribution program in behalf of the Commonwealth.

All 67 counties in the state were notified recently that welfare families were entitled to a share of surplus foods under a new federal program which went into effect since January 1.

Ten Counties Ask Spuds

Ten counties already have asked for potatoes. A check of their applications showed most of them have been or will be consigned to miners.

The program, however, provides for distribution of the free foods not only to destitute miners but also to persons on relief or in need of assistance.

Cambria leads the list of counties in the number of families certified to receive the free potatoes. The county commissioners there already have received or will get 4,947 100-pound bags of potatoes and also have been allocated 37,000 pounds of dried eggs and 126,000 pounds of dried skim milk.

The program requires the counties to pay the cost of transportation for the commodities. Although potatoes are available at various
